CUBAN RECOGNITION.

Spanish Correspondent Cautiously Senti-
ment Among Public Men.

WASHINGTON, Oct. 23.—Sour Gallego,
a Spanish correspondent, sought to
secure an interview with President
Cleveland and Secretary Olney, but did
not succeed owing to the departure of
the former for Atlanta, and the engage-
ments of Mr. Olney. Later Mr. Gallego
found General John W. Foster, who
was United States minister in Spain,
the negotiator of the last treaty with
Spain and later secretary of state in Mr.
Harrison's cabinet. General Foster said
that he was out of politics, so that he
had no information as to the policy of
this government, but he added:
"It is my personal opinion that if
Spain does not succeed in terminating
the insurrection by next spring, when
the dry season closes, she will be con-
fronted with the grave danger of losing
the island of Cuba altogether. By
that time it will be difficult, if
not impossible, to prevent the recognition
by the United States of the Cuban
belligerents, for the American
people are being awakened to the
fact that Spain proclaimed her recognition
of the southern confederacy within
eight weeks from the day Fort Sumpter
was fired on."

BOILER EXPLODES.

Two Men Instantly Killed and Two Others
Badly Injured.

BURLINGTON, Ia., Oct. 23.—A mes-
senger has just arrived with word of a ter-
rific explosion which took place at 4
o'clock yesterday at Lomax, Ill., a few
miles from here, in which John Holmes
and James White were killed instantly
and two others fatally and bruised.
The boiler of the Lomax picket fence
factory exploded, demolishing the build-
ing. The lines of the boiler were blown
75 feet, and a brick from the smokestack
was hurled through a window 250 feet
away. John Holmes, one of the prop-
rietors, lies dead, a mass of broken
bones and torn flesh, in his home but
a block from his factory. James White,
a laborer, was killed instantly by being
driven literally into the pile of pickets in
front of him, and his flesh cooked by
the escaping steam. L. B. Coleman was
badly cut about the head and badly
bruised. A. S. McGee has his head cut
in numerous places and is badly hurt.

ARMOR TESTS

Develop the Fact That Nickel Steel Plates
Are Best For Deck Protection.

WASHINGTON, Oct. 23.—The naval
ordnance officers have found that the
annealed nickel steel deck plates now in
use are superior to the Harveized plates
for the purpose of deck protection. At
Indian Head three of these Harveized
plates, three inches thick, made by Car-
negie, were set at an angle of 10 de-
grees, or about the same angle they
present to fire when in place on a ship's
protective deck, and were fired at by an
8-inch rifle, the shot having a velocity
of 1,750 feet per second. The hard
plates were fractured at the point of
impact and pieces were driven through
the plate backing. The soft, untreated
plates, under like tests, are bulged
downward, but defect the shot.

MEXICAN NEWS.

Shipments of Silver Falling Off—Stock
Exchange Organized.

CITY OF MEXICO, Oct. 23.—Shipments
for Asia of Mexican dollars are falling
off, although a few good sized lots have
gone out this week. Money is abun-
dant, and the outlook for speculative
boom is improving, as little or no inter-
est can be obtained and mortgages are
not abundant for investors.
The new Stock Exchange has been
formally inaugurated and has excellent
prospects of success, as people are dis-
posed to plunge into mining shares for
lack of other purely speculative oppor-
tunities.

Invitations Issued.

NEW YORK, Oct. 23.—Invitations to
the wedding of Miss Vanderbilt and the
Duke of Marlborough were issued yester-
day. They read:
Mrs. William Kissam Vanderbilt requests
the honor of your presence at the mar-
riage of her daughter, Consuelo, to the
Duke of Marlborough, on Wednesday, Novem-
ber 1st, at 12 o'clock at St. Thomas
church, Fifth avenue.

Two Cards Accompany Each Invitation.

One is for the ceremony at the church
and the other for the breakfast and recep-
tion at Mrs. Vanderbilt's house.

Destination Unknown.

HAVANA, Oct. 23.—General Campos
arrived on Oct. 19 at Jacaro and left
immediately for Ciego Avila. He re-
mained there two days, leaving with
100 cavalry for an unknown destination.
Some persons suppose that he has gone to
Sancti Spiritus. The steamer Villa-
verde, which he uses as a private yacht,
is now at Tanais.

No Wonder It Fell.

TACOMA, Wash., Oct. 23.—When S.
E. Bakwill took formal possession of
the closed German-American bank yester-
day he found it but \$1.10 in cash on
hand and no account books. The city
had over \$50,000 in deposit, and it was
a demand for this money that caused
the bank to fail.

Destructive Prairie Fire.

FORMAN, N. D., Oct. 23.—A prairie
fire started by William Linz's thresh-
ing engine and much damage in the
reservation southeast of here. A ter-
rific wind made the fire uncontrollable,
and hundreds of tons of hay and a large
quantity of grain in the stack was de-
stroyed.

Mexican International Exposition.

CITY OF MEXICO, Oct. 23.—J. W.
Wichers of New York, one of the pro-
moters of the Mexican International ex-
position, is here and will soon return
north. He says the capital, \$1,750,000,
is all covered and plenty more ready
in case of need. The exposition com-
pany intends erecting a first-class hotel
on the grounds.

BLAZING FORESTS.

City Surrounded by Fires and a
Strong Wind Blowing.

RAILROAD TRACKS THREATENED.

Jersey Farmers Turn Out to Battle With
the Flames—Village of Meadow Valley,
Wis., Wiped Out—Green Bay, Wis.,
Hounded In—Railroad Bridges In Dan-
ger—Families Flee From Their Homes.

GREEN BAY, Wis., Oct. 23.—This city
is surrounded by forest fires which yester-
day were made especially dangerous
by a strong north wind. Between here
and Kewaunee the fires are almost con-
tinuously in some places, approaching
dangerously near the tracks of the Ke-
waunee, Green Bay and Western rail-
way. Near Luxemburg several fami-
lies have already been burned out, and
at various points many others have
moved from their homes. On the line
of the Abneger and Western road, near
Casco, the situation is serious, and it
requires the united and most persistent
effort of every available man to prevent
the destruction of the bridge at that
point.

Raged All Day.

EGG HARBOR CITY, N. J., Oct. 23.—
Another large and destructive forest fire
started in the heavy timber land be-
tween this city and Green Bank, and
has been raging fiercely all day without
any signs of abating. Several build-
ings which are located in the fire's
course are greatly endangered and a
number of anxious farming people have
gone out to fight and check the flames.

Wisconsin Village Wiped Out.

JERESON CITY, Wis., Oct. 23.—Word
has just been received here that Meadow
Valley, a small village on the Valley
division of the Chicago, Milwaukee and
St. Paul railway, has been wiped out
by fire. The blaze originated in the
large cranberry marsh near that village.
There was a high wind at the time and
reports say that the fire spread to the
village before the residents had a
chance to fight the flames. Word was
received here that the town of Babcock
is threatened with destruction. Meadow
Valley is a village of 100 people and is
situated in Kingston township, Juneau
county, 40 miles from Mauston, the
county seat. All the residents are deal-
ers in cranberries.

NONSECTARIAN CHRISTIANS.

Their Target Will Be Private Sins, Cor-
porate Robbery and License System.

CHICAGO, Oct. 23.—Mrs. Francis E.
Willard, representing the W. C. T. U.
and churches in general, were criticised
by the national conference of nonsec-
tarian Christians assembled in the
Christian Federation church. The
former was said to have been induced
to turn a cold shoulder to the move-
ment by snarled officials of other orga-
nizations, and the latter were charged
with maintaining toward the new
movement an attitude that was incom-
patible with the teachings of the Bible.
The nonsectarian purpose is the
forming of a new church alliance whose
chief aim shall be the suppression of
the liquor traffic. They also will direct
their work against private sins, cor-
porate robbery and the license system.

Despondent Woman Commits Suicide.

NEW YORK, Oct. 23.—Mrs. Mary Cal-
lahan, 40, committed suicide at her home
in Williamsburg yesterday in the pres-
ence of her five children by cutting her
throat with a razor. Her husband had
been out of work for six months and the
family was on the verge of starvation.

Japan to Evacuate Korea.

ST. PETERSBURG, Oct. 23.—It is
learned from a good source that Japan
has decided to evacuate Korea in order
to avoid complications, and in order to
enable the government to concentrate
its energies upon the subjugation of
Formosa.

Government Wants the Money.

NEW YORK, Oct. 23.—Sant has been
begun by the government against the
North American Commercial company,
lessees of the sealing rights for the
islands of St. George and St. Paul to
collect \$214,295 due since April 1.

Indian Agent Appointed.

WASHINGTON, Oct. 23.—The president
has designated Captain William H.
Clapp, Sixteenth infantry, as acting In-
dian agent at Pine Ridge, S. D., relieving
Captain Penney, the present agent
at that place.

Strike of Miners Spreading.

DREDS, Pa., Oct. 23.—The strike situ-
ation in this locality assumed a dif-
ferent phase yesterday. The miners at
Coushwaug and the Rochester and Pitts-
burg Coal and Iron company at Walston
and Adrian, suspended. The Berwind
and mine at Anita also joined the
strikers.

Found Guilty.

HOLLIDAYSBURG, Pa., Oct. 23.—County
Commissioner John Burd of Altoona
was found guilty of having a pecuniary
interest amounting to \$516.82 in the
public contract for painting the county
courthouse. The penalty for this crime
is a \$500 fine and removal from office.

Will Venezuela Apologize?

LONDON, Oct. 23.—The Chronicle this
morning says that the foreign office be-
lieves that overmuch has been made of
Lord Salisbury's dispatch to the Ven-
ezuelan government upon the Truan
affair, and it is probable that Venezuela
will make a prompt apology.

Again Admired.

VICTORIA, B. C., Oct. 23.—The steam-
ship Empress of Japan which arrived
yesterday afternoon reports that the
steamship Bolivar, which was ashore off
Yokohama, was fired Oct. 10. The
ship was towed to the docks south of
Yokohama and docked.

RETURN OF THE WINDWARD.

Expected Discoveries Reported Made
In the Arctic Regions.

LONDON, Oct. 23.—The Windward
brought documents from the explorer,
Jackson, who was left at Franz Josef
land, which are kept sealed up in one of
the cabins and will not be opened until
today. After repairing and unloading
coal, provisions, etc., the Windward
will return to Franz Josef land in order
to bring the explorer home. It is un-
derstood that Jackson on the journey
north made some unexpected discoveries.
The Windward had a perilous voyage
home, battling with the ice for 65 days
and being reduced to such an extremity
for fuel that she was compelled to burn
all the woodwork on board of her which
could be spared, and in addition portions
of her masts, spars and battens, as
well as the 'tween decks, were con-
sumed in the furnace.

COURTMARTIAL CONVENED.

Lieutenant Pague on Trial For Assault-
ing Colonel Crook.

CHICAGO, Oct. 23.—The general court-
martial for the trial of Lieutenant Sam-
uel S. Pague of the Fifteenth United
States infantry, charged with assault-
ing Colonel R. E. Crook of the same
regiment, convened yesterday in the
Assembly hall at Fort Sheridan.
Captain C. K. McGinnis was the
first witness. He testified that on the
day the shooting occurred Lieutenant
Pague was intoxicated, and while on
parade acted in a queer manner. Lieut-
enant W. T. May also testified that
Lieutenant Pague was intoxicated on
that day. Court then adjourned until
today.

MURDER MOST FOUL.

Sick Men, Women and Children Slaugh-
tered in a Cuban Hospital.

CLARENDON, Oct. 23.—"In a Cuban
journal I have just received," said a
well known Cuban of this city, "is an
account of how Colonel Corral, with a
score of Spaniards, entered a hospital
where there were 350 sick men, women
and children.
"They were all cruelly put to death
to satisfy the revenge of the soldiers for
their numerous defeats in battle by pa-
triot. The Cuban newspapers I receive
are reliable. They are published secretly
and escape the Spaniards, who en-
deavor to suppress the native publica-
tions."

Suggestion From the London Times.

LONDON, Oct. 23.—The Times has an
editorial this morning on the situation
in the far east. It expresses the op-
inion that Japan might not be reluctant
to escape difficulties by placing Korea
under a collective guarantee of the
powers. "If this were done," says the
Times, "a great source of possible dan-
ger would be relieved. This solution
ought not to be beyond the reach of
diplomacy."

Suicide of an Ocerogianian.

PARKERSBURG, W. Va., Oct. 23.—
Major Davidson, 83, of Berkeley Springs,
this state, an ex-state senator for 50
years and prominent in politics, suc-
cided by shooting yesterday. Cause,
physical infirmity.

Town Badly Burned.

ALTA, Ill., Oct. 23.—The business
portion of Alta was nearly wiped out by
fire which started in Collier's meat
market yesterday morning. The total
loss is about \$50,000, fully covered by
insurance.

PRESIDENT'S DAY.

Atlanta Wide Awake and Full
of Enthusiasm.

TEN THOUSAND PEOPLE SHOUT

When the Portly Form of Grover Is Re-
cognized—Banquet Tendered the Party
by Mayor of the City—President At-
tends the Exposition, Reviews the Mil-
itary and Delivers an Address.

ATLANTA, Oct. 23.—At 4 1/2 yesterday
afternoon, on time to the minute, the
presidential special, running as the
first section of the southwestern vesti-
bule hunted on the Southern railway,
rolled into the Union depot. In ac-
cordance with the expressed wish of the
president and the desire of the expo-
sition authorities, the arrival of the party
was deprived of anything in the nature
of a hippodrome.

Ten thousand people had assembled
in the vicinity of the station, crowding
the streets as thickly as the space would
allow and overflowing for some blocks
in every direction. The rooms,
windows, awnings, telegraph poles and
every point of vantage in the neighbor-
hood had been utilized by eager onlook-
ers. The special was stopped outside
the depot, however, the party disem-
barked and were escorted to carriages
by the reception committee and then
drove to the Hotel Augustin, their destina-
tion, begun before the expectant
thousands realized that the distin-
guished visitors had reached the city.
Nevertheless, as the president's car-
riage, drawn by four white horses, dashed
around the corner of the station, the
crowd recognized the portly form of the
president, and a mighty cheer went up,
which grew and developed into a roar
as the line of carriages sped rapidly up
Pryor street through the mass of en-
thusiastic humanity. Mr. Cleveland
was in evident good humor and bowed
in response to the continuous ovation he
received all the way to his hotel. Sec-
retary Carlisle, who with Mr. Carlisle,
rode in the second carriage, was cheered
frequently, and Secretary of the Interior
Hoek Smith, who found himself on
his native heath, was given a hearty re-
ception.

At 9 p. m. the president and his cab-
inet officers sat down in the Argon
banquet hall to a dinner tendered in
their honor by Hon. Porter King, mayor
of Atlanta.
This morning at 11 o'clock the presi-
dent was driven to the exposition
grounds, where he reviewed the mil-
itary, delivered a brief address, held a
public reception and made a tour of the
buildings. At midnight he will leave
for Washington.

PACIFIC CABLE.

London Post Says It Will Be an Accom-
plished Fact In a Few Years.

LONDON, Oct. 23.—With reference to
the interest which Colonel Secretary
Chamberlain is taking in promoting a
Pacific cable connecting British North
America with New Zealand, The Post
says in an editorial: "It is a matter of
satisfaction that although the Hawaiian
concession for an American cable will
compel our Pacific cable to take a longer
route than through the Fanning islands,
it will pass entirely through British ter-
ritory. It will not be the fault of the
government if the cable is not an ac-
complished fact in a few years."

Ordered the Money Turned Over.

NEW YORK, Oct. 23.—In the supreme
court Judge Beach signed an order di-
recting Philip J. Dwyer to turn over to
the sheriff of Kings county \$2,500 he
was claiming from Fitzsimmons. This is
part of the stake money in the fight in which
he was to have met Corbett. The stake
was attached some time ago by Joseph
H. Tucker on a bill for printing in-
curred by Fitzsimmons.

Mining Situation Unchanged.

ALTOONA, Pa., Oct. 23.—The situa-
tion in the mountain coal regions is
practically as it was Monday, except
that the Frugality miners went back to
work yesterday. Meetings were held
last night at Galitzin, Lillys, Bens
Creek, Dunlo and other points, but in-
terest was confined on the Montedale
meeting, at which district President
Wilson presided.

Wants the Indians Driven Out.

DENVER, Oct. 23.—Governor McFady-
nigh last night wrote a letter to General
Frank Wheaton, commanding the 4th
regiment of the Colorado, United States
army, demanding that he drive the
Utes, now trespassing in the north-
western part of Colorado, out of the
state. These Indians belong to Utah.

Refuses to Refund.

WASHINGTON, Oct. 23.—Secretary

RUMORED CABINET CHANGE

Disagreement Between the President and
Secretary Olney on Foreign Policy.

CHICAGO, Oct. 23.—A special dispatch
to The Inter Ocean from Washington
says: "Owing probably to the fact that
Secretary Olney did not go to Atlanta
with the president and party, but in-
stead left for Boston yesterday, a rum-
or was all at last night and will be pal-
lished today that Mr. Olney is out of
planning retirement from the cabinet.
The alleged excuse for this is a sup-
posed disagreement between Olney and
the president in regard to the for-
eign policy, especially with reference to
the Venezuelan matter, in which Ol-
ney says that Mr. Olney favors
more vigorous course than does the
president. The rumor, however, is en-
tirely unfounded, and owing to the
absence of Mr. Olney and President
Cleveland, as well as all members of
the cabinet it is impossible to obtain
any definite information which will
confirm or disprove it."

HON. C. C. MILLER

LECTURED AT THE FISHER BLOCK
TUESDAY NIGHT.

His subject, "Eldorado or the Sunny Side of Life," treated in a humorous manner. The lecture was an advertisement for the business college.

In some ways the lecture of Mr. Miller became an advertisement for the business college. He lectured on the "Sunny Side of Life," and the lecture was an advertisement for the business college.

Nor was the impression wholly wrong for, while Mr. Miller's lecture could, in no way, be taken as an appeal to enter the Marion Business College, nor was he heard to utter a word on that subject, yet such lectures given by the management of the college can not fail to advertise it more or less.

It may be that the impression mentioned above was the great reason, but there were others, namely, the preparations being made to attend the Springfield Masonic event today and the McKinley meeting tonight to say nothing of the two social events to occur tonight, which affected the size of the audience which greeted Mr. Miller Tuesday evening.

Whatever the reason or reasons may have been it is undeniably a fact that but a mere handful of people were present to hear Mr. Miller's "Eldorado, or the Sunny Side of Life," but those present were well repaid for their attendance.

Mr. Miller is not a mere juggler of words but a man of ideas and before an audience which would have discouraged most speakers, delivered a talk that was entertaining and highly interesting from the beginning to the end.

The speaker treated his subject just about as differently from what might have been expected as possible, and his idea of the sunny side of life is not the ordinary, abounding in pleasures and gay laughter, but rather that side which is seen most in bringing comfort and joy to others, his ideal life being that which brings to itself the greatest happiness in making others happy.

The speaker in illustration of many points in his lecture intermingled with it many apt stories, which, besides being new to most if not all of his hearers, were decidedly instructive and in them and in their application he showed to the very best advantage as a speaker.

He pointed to many of the known successes of this life and traced them from their earliest childhood up to the present time and showed that, in almost every case, they had been started on the road to success by one who lived on the sunny side of life. By one whose aim and ambition it had been to do those kindly things which afford so great encouragement to the weak and stumbling.

Without outdoing the lecture of Mr. Miller it is enough to say that it was all that could be desired and was such that should be again read. Mr. Miller's lecture to our people is an advertisement to a larger audience, will be present to take advantage of the treat.

Those who were present Tuesday night have the Marion Business College to thank for a most pleasant and profitable.

Wall Paper—Freehold. Freehold is not in the pool! Wall paper cheaper than ever. With a new stock in this week, I am in better shape to suit everybody in wall paper than formerly. You will be surprised at the beauty of the paper and the low prices.

Nervous Prostration

Cured by Dr. Miles' Nerve.

Prolonged derangement of the nervous system not only affects the brain and mental powers, but develops disease in some of the vital organs. The most dangerous of these indirect results is when the heart is affected. This was the case of the Rev. N. F. Surface, Pawa River, Mich., who writes under date of Feb. 14, 1895:

"Fourteen years ago I had a slight stroke of paralysis. Overwork brought on nervous prostration. I was exceedingly nervous and the exertion of public speaking caused heart palpitation that threatened my life. I used two bottles of Dr. Miles' New Heart Cure for my heart trouble, and two of Dr. Miles' Restorative Nerve. I never expected to feel again. I can speak for hours without tiring or having my heart flutter as it frequently used to do. I am glad to thank you for the cure."

A B-G SCHEME

Of the Vanderbilts To Get Control of the Erie System.

The Kenton Republican gives publicity to a rumor, which it gives as coming from an authentic source, that the entire Erie system will soon pass into the hands of the Vanderbilts as a part of their great system. Negotiations have been opened through Vanderbilt's bankers, Drexel, Morgan & Co., for the big sale.

The same capital will also eventually control the Union Pacific, which is now in the hands of a receiver, who will give them an exclusive through line from the Atlantic to the Pacific. The Vanderbilts are the two-third owners of the famous New York Central and Hudson River railroad, the grand four track line that takes in very town and city of any consequence in the Empire state.

Should this scheme go through, it would probably mean the taking off of many trains on the Chicago and Erie that now pass through Kenton. As the Vanderbilts would then control every important line from the East running into Chicago, and as the Lake Shore and Nickel Plate (much shorter routes) are now owned by the Vanderbilts, it can be readily seen that it would mean thousands of dollars of useless expense in maintaining the passenger traffic of the Chicago and Erie.

THIRTY CALL BOXES

Are Now Embraced in the City Fire Alarm System.

Mr. C. W. Chandler, representing the Gamewell Fire Alarm system, was in the city Tuesday, brought here by a wire from the fire committee of the council, consisting of Berry, Shutt and Harsch.

When the system of twenty-two boxes, purchased by the city, was marked out it was found that twenty-two boxes would not be sufficient to cover the territory as it would allow, for example, only three boxes on Center street, having some sections where there would be but one box in a circle with a radius of 4000 feet, leaving portions of that section further away from a fire alarm box than the same portions now are distant from telephones.

It was easily to be seen that this would not do and when the manufacturers about the city declined to purchase boxes, claiming that they paid taxes and were entitled to protection, the fire committee thought best to purchase more boxes and with that end in view sent for Mr. Chandler.

Upon Mr. Chandler's arrival in the city, Tuesday evening, the fire committee decided to buy eight boxes more at a cost of \$1000, and the system will now embrace thirty boxes, covering the territory very effectively.

KIDNEY CURE.

The Marriage of C. H. Kirby and Miss. Etta Murray at Galien, Monday.

The Galien paper of the date of Monday, October 22, contains the following notice of the marriage of C. H. Kirby, of this city, and Miss Etta Murray, of Galien, at the residence of Mr. Addison Murray, of the latter place, on the day named, performed by the Rev. J. A. Brown, pastor of the Presbyterian church of Galien.

The bridegroom arrived in this city Tuesday and took up his residence on South State street. The groom is well known here as a live and bustling insurance man of pleasing address and presence. The bride, report has it, is one of the most accomplished young belles of our sister city of Galien.

The wedding chorus. A full meeting of the Messiah chorus was held at the Presbyterian chapel Tuesday evening, one hundred strong turned out to the practice of this sublime work.

A large number of new male members were present, some twenty-eight in all, and much enthusiasm was shown in the rehearsal of the hallelujah chorus, which is now thoroughly under control, as all the choruses up to this one are in complete order for presentation. The male members will hereafter meet on Sunday afternoons and the full chorus every Tuesday evening.

Rebekahs Will Celebrate. The Rebekahs at their meeting Tuesday evening, decided to hold a Halloween party. The party will be given on the 30th, and will be quite an elaborate affair.

A Supper to be served in the hall of the lodge, and contrary to the usual manner of holding such events the ladies will be compelled to hunt the gentlemen. The gentlemen will agree upon a hiding place and their lady friends will be obliged to make a search for them. A very pleasant time is anticipated.

A False Rumor. It was reported here Tuesday night and this morning that Perry Miller, a C. S. and H. brakeman, who makes his home in Marion, had been killed at Columbus on the railroad. The news was first received at Waldo, where his parents, now dead, resided.

Upon investigation, however, Miller was found very much alive. He has been laying off for the past week or two and stopping in this city. He was here all day Tuesday.

At Home, Call and Return. On the dates named below only special low rates on Big Four Route to Virginia, Va., on account of Cotton States Exposition, are in effect. Nov. 3, 10, 17, 24, 31, Dec. 8, 15, 22, 29.

The foregoing are but a few of the many uses to which this remedy may be put, and in no case has it ever disappointed those who have given it a trial. It is a true and reliable remedy for all the ailments mentioned.

INSANE MAN'S DEED.

CHRISTIAN MILLER SHOTS HIS WIFE AND THEN HANGS HIMSELF.

The Horrible Tragedy Occurs in Westfield township, Morrow county. Miller was a Marion County Man at One Time and Visited Relatives Here Last Week.

C. C. Miller, a resident of Westfield township, Morrow county, fatally shot his wife Tuesday, then went to the town and committed suicide by hanging. He had been adjudged insane some five weeks ago, but custody of him was demanded by his relatives.

Such was the simple announcement sent out over the wires Tuesday night from Mt. Gilead. It was one altogether unexpected and naturally created great excitement, especially among those that were acquainted with the man and it was with surprise that the news was received here.

Christian Miller was born and raised between Waldo and Prospect and lived there for many years, but afterwards went to Morrow county, and has resided there ever since. He was pretty well known all over the county, and in the southern part of this county and in this city he was quite well known.

He spent a portion of last week in this city. He and his wife came to Roe Miller's, a brother, last Friday and remained until Sunday. His brother was seen at the depot this morning, and stated that he appeared to be all right here. He was a man that never drank and while here acted perfectly sane. Mr. and Mrs. Miller were just about to take the train for Ashley, with Perry Miller, a nephew of the deceased, when the train interviewed the party. They had no knowledge of the particulars of the horrible affair, and had only been apprised of the matter a short time before.

Miller has many relatives residing in the southern part of this county, in the vicinity of Waldo and Prospect.

Off for Springfield.

Marion Lodge, No. 70, F. and A. M., sent a good sized delegation to Springfield today to assist in the opening of the Masonic Home at that city.

The Marion delegation numbered seventy, and left over the Big Four at 7:30 o'clock. The train was due to leave here at 8:15, but was delayed. The Masons took the People's hand with them, and the band gave a concert at the depot before leaving.

The Last Excursion. Of the season to Cleveland, Sunday, Oct. 27, via Big Four route. Train leaves Marion at 6:35 a. m., arrives in Cleveland at 10 a. m. and returning leaves there at 7 p. m. One dollar and five cents for round trip. See small bills 284-11 A. C. BOWEN, Agt.

MICROSCOPIC WRITING.

The Wonders That May Be Accomplished in a Square Inch of Space.

Among the collection of microscopic objects in the United States Army Medical museum at Washington is a specimen of microscopic writing on glass which contains the Lord's Prayer, written in characters so small that the entire 237 letters of that petition are crammed within an area measuring 1.294 by 1.411 of an inch. If, however, we go a little further, we easily find that the area within the above dimensions would be only the 1.129,641 of a square inch, and consequently that an inch square covered with writing of the same size, or containing 237 letters to each such fraction, would contain 29,431,458 letters.

Let us put this figure into a concrete form by seeing how much of a book this number of letters would represent. The Bible is a book of which we may safely assume that every one has an approximate idea as regards its general size or extent. Some one has actually determined the number of letters contained in the entire Old and New Testaments and finds that to be 8,366,489. Hence the number of letters which a square inch of glass would accommodate, written out like the text of the Lord's Prayer on this strip of glass, is more than eight times this last number, or, in other words, a square inch of glass would accommodate the entire text of the Bible eight times over written out as is the Lord's Prayer on this strip of glass. I am free to confess that, though this fact has been known to me since 1873, and I have had in my possession photographs taken with the microscope of this writing, I cannot say that I fully apprehend or mentally grasp the fact just stated. I can form no mental picture of a square inch of glass with the entire text of eight Bibles engraved upon it, and yet, when I have verified the measurements and calculations leading up to this conclusion I feel absolutely certain as to its truth, not as the result of intuition, but as a deduction from experience which has not yet developed into an intuitive consciousness.—Dr. Henry Morton in Cassier's Magazine.

The Test Has Begun.

Lightning Hot Drops Applied for by Thousands of Those Who are suffering from Some of the Ailments Mentioned.

None Were Refused—All Were Supplied. The Supply Not Yet Exhausted.

A Perfect Jam, a Jostling Crowd, a Mass of Humanity Gathered Around the Drug Store of L. Deason & Co. Eagerly Awaiting for the Free Distribution of Lightning Hot Drops.

The immense concourse was recruited from nearly every one of the various walks of life. The financier, the merchant, minister, mechanic, farmer, laborer, were all anxiously seeking after this wonderful remedy. All day, at various and numerous places about the town could be seen groups and gatherings discussing the outcome, a test of the newly heralded discovery, "Lightning Hot Drops," would afford those who secured a sample phial of the remedy hastened to tell their neighbors, their friends, and they in turn spread the news until the demand created far exceeded our most sanguine anticipations. We are glad, however, that such was the case, and it will only serve to fully establish any claims that may be put forth in its interest.

This remedy, Lightning Hot Drops, undoubtedly stands today unrivaled as a cure for cramps, diarrhoea, flux, cholera morbus, pleurisy, coughs, colds, sore throat, and is a help to woman-kind. It affords instant relief in every case. When used according to directions, it will fully sustain our every claim. They may seem extravagant, but the following is the testimony of those who have tried it:

"Lightning Hot Drops is the most excellent remedy for colic and cramps I have ever used." Martin Bourke, with Bourke Mfg Co., Youngstown, Ohio.

"I used Lightning Hot Drops. It cured me of a severe case of cholera morbus, caused by eating unripe fruit." Fred C. Smith, Summit Ave., Youngstown, Ohio.

"Lightning Hot Drops is the best remedy I have ever tried for dysentery and cramps." John Benckos, wholesale fruit dealer, West Federal street, Youngstown, Ohio.

These used Lightning Hot Drops as a liniment for bruises and sprains, and in every case it acted like a charm. James Thomas, deputy sheriff, Mahoning county, 129 S. Watt street, Youngstown, Ohio.

The foregoing are but a few of the many uses to which this remedy may be put, and in no case has it ever disappointed those who have given it a trial. It is a true and reliable remedy for all the ailments mentioned.

Don't You Think So, Too?

A man must have confidence in his tailor, very much as he does his jeweler. The average man, even though a good dresser, pays little attention to styles and knows very little about cloths. He generally must trust his tailor to cut his cloth stylishly and becomingly, must trust his tailor to give him a cloth of real value. An unscrupulous salesman can pan off an inferior cloth on 99 men in every 100.

We have a long record of success as merchant tailors. We have pleased a large trade for several years. We give good values in cloths and always guarantee perfect fit and highest quality of workmanship. We satisfy, always.

We have suggested before that we are showing a nicer line of goods this fall than ever before. And we call especial attention to overcoats. Our word for it, you will never regret buying a good, made-to-order overcoat. It pays in the long run. And they are not high priced.

Williams & Leffler,

Merchant Tailors, = = = S. Main Street.

FREEDOM.

When I would think of what is free,
O timeless one, I think of thee!
Thou hast forgotten how we went together
Across the heather,
Where I am left behind,
And I rejoice thy motions are
Swift, untrammelled and free.
The birthsprings of the wind
Are for thy roving, and for me
The joy of bringing all these things to mind
We thought together—
Treading the little pathways of the heather

as the back, through the chest and
the shoulders. His back muscles are
enormous, and it is from these he
derives his tremendous hitting powers. At
point he is as strong as John L. Sul-
livan and far stronger than either
of Jackson or James J. Corbett. I
know from knowledge, for I have examined
him. No other fighter I ever knew of
such back or hitting muscles as Fitz-
simmons and Sullivan. Fitz can hit quite
hard as John L. could in his best days,
twice as hard as Corbett. Then, too,
he is a bit longer reach, is quite a clever
and shifty as the Californian, and
his hitting powers in his favor I be-
lieve he must win. Another thing, I
certainly think he is a nerve and a gam-
er. He will fight while breath and sense
remain. Corbett, I firmly believe, will quit
on badly punished. I have studied both
men and therefore speak unreservedly.

John Madden
BILLY MADDEN TIPS CORBETT.

Up Corbett to win, but only after a
struggle. Fitz has an excellent
man and may get in on Jim unexpect-
edly as he did on Jim Hall, Joe Chynoweth
and Peter Maher. Some people call
him a lucky blow and say Fitz is
fortunate of the prize ring. It may
be so, but the fact is that Fitz has
a number of battles, but there seems to
be a sort of method in it. Eternal
times is the price of a championship as
has been, and Corbett had better ex-
pect to win when he battles with
Fitz. I believe he will and don't think
he can make him lose his temper, as
he did, or catch him napping in any
way. Therefore I expect to see a fierce
and terrific battle, with plenty of giv-
ing and taking, and with Corbett, I
think, the winner.

and I came near going out. There was too
short a time given me in the one remain-
ing round to recover fully, and Fitz got the
decision on points made. Fitz I could hit
without any great difficulty. Corbett I
found very hard to land a full blow upon.
Therefore I think that Jim will jab Bob

either that Corbett figures upon. If there
is to be any change in the programme, I

but that was not to be. I think Jim too
big and clever for Fitz, and although I ex-
pect to see Bob put up a great battle I
look to Corbett to win. I think he will
outgeneral and outpoint Bob throughout
the fight. Upon the same principle I ex-
pect to see Tommy Ryan defeat Mysterious
Billy Smith for the welterweight cham-
pionship of the world on the last night of
the carnival. Steve O'Donnell of Australia
is a bit more clever than Peter Maher, but
is not half so aggressive a fighter as the
Irish champion nor anything near so hard
a hitter, so I put my faith upon the sturdy
Celt winning the most of victory.

Shamie Tommy Ryan defeat Mysterious
Billy Smith. I will match him to fight Dick
Burge of England, who is said to be a fis-
tic phenomenon, and endeavor to perfect
Tommy's title as welterweight champion
of the world.

BILLY EDWARDS A CORBETT PARTISAN

Corbett and Fitzsimmons have gone too
far to recede, and they must fight, if need
be, in private for the \$20,000 stakes, even
if there be not a dollar offered in the way
of a purse. Both principals are friends of
mine, and I flatter myself I know their
styles, methods and qualities pretty thor-
oughly. On the score of that knowledge I
venture to give my little prediction. I be-
lieve that Corbett will win, but not until
after a hard battle has been fought. Fitz
will give him the fight of his life. My
reasons for believing that Corbett will win
are these: He is heavier, taller, speedier
and a bit more clever. In the long run
these advantages are bound to tell. Fitz
in repose, to be sure, has a little longer
reach than Jim. In action, however, he
has not. I even doubt if he has as long a
reach, for he crouches and thus loses con-
siderable, while Jim stands erect and gets
the full benefit of every inch he is for.

The talk, too, that Corbett cannot hit
hard is ridiculous. Fitz, I know, is a tre-
mendous puncher, and that is because he
gets close to an antagonist. He will have
hard work to do that with such a won-
derful, shifty man as Corbett. Jim can hit
as hard as anybody when he gets close to
his man, as witness the way he punched
Mitchell out in 2½ rounds. As a rule, he
keeps away from an adversary until he has
him pretty well jabbed out, and that is
why his blows seem to lack force.

If Bob forces the battle, as he says he
will, we may expect to see a sharp, speedy,
vigorous contest as well as a scientific
one. Fitz I admit to be at all times dan-
gerous—he may land that deadly right or
equally dangerous left on a vulnerable
point at any stage of the game—but I ex-
pect to see Corbett win. Should either
man force the battle it will be lost and
won inside of ten rounds.

In the O'Donnell-Maher contest I like
O'Donnell's chances, although Peter is a
strong favorite, and I pick Tommy Ryan
to defeat Billy Smith.

FITZPATRICK ALSO NAMES CORBETT.

It will be either man's battle until it
has been lost and won. Corbett has the
advantage in height, weight and shiftness.
In manual speed he may be a bit better,
but in strength, cleverness and reach
Fitz is his equal. In hitting powers he far
surpasses the Californian. If Fitz can
corner Jim and land one or two of his ter-
rific sledge hammer blows, the jig is up
with the Californian. I look, however, to
Corbett's marvellous shiftness to save him
from any of these perils. John L. Sullivan
could not land one on Corbett; neither
could Peter Jackson. I was behind Jack-
son the night he met Corbett and know
how hard and ineffectually he tried to get
in a knockout blow on the Frisco bank
clerk. Corbett was then and is now the
shiftest man I ever saw in my life. I
don't believe he will meet Fitz half way,
as he says he will. He can't afford to mix
it with Fitz because he cannot hit as

not think, however, that Jim will hit him
hard enough to put him out while he is
forcing the battle, and neither do I.

Up Corbett to win, but only after a
struggle. Fitz has an excellent
man and may get in on Jim unexpect-
edly as he did on Jim Hall, Joe Chynoweth
and Peter Maher. Some people call
him a lucky blow and say Fitz is
fortunate of the prize ring. It may
be so, but the fact is that Fitz has
a number of battles, but there seems to
be a sort of method in it. Eternal
times is the price of a championship as
has been, and Corbett had better ex-
pect to win when he battles with
Fitz. I believe he will and don't think
he can make him lose his temper, as
he did, or catch him napping in any
way. Therefore I expect to see a fierce
and terrific battle, with plenty of giv-
ing and taking, and with Corbett, I
think, the winner.

THE CITY IN BRIEF.

The Tie Faces are artistically papering their rooms in the Bennett building today.

The Y M C A will give a reception to the Steam-Boiler employees Saturday evening, Oct. 24.

The funeral of Mrs. Margaret Molloy occurred from St. Mary's church this morning and was largely attended.

Cards are out announcing the marriage of Adeline, daughter of Mr. and Mrs. John R. Stanbury to Edward Seal, Mendenhall, both of Delaware at that city Thursday, Oct. 17. Both the bride and groom are well known in the social circles of this city.

The electric headlights on car No. 6 of the street railway system were tried Tuesday night and found to be a great improvement over the old system of lighting. As there is a light at each end of the car it takes no time to change headlights and there is no danger of breakage by collision as the bumper projects beyond the headlights. The lights are made here in Marion with the exception of the reflector and are so arranged that any size of electric light almost may be used.

SPORT AT PROSPECT

The New Race Track is given in International Dedication.

Tuesday was Prospect day. It was to have been a big day in that town, but as far as a crowd went there has been much better affairs given in that enterprising little village. The day, however, was an ideal one. The weather was fine, the crowd was fair and the entertainment was all right. It was not advertised as a big race meeting but simply the informal opening of the new race track at that place. The horse were owned by residents of Prospect and vicinity. Those who went there expecting to reap rich rewards off the attendants came away disappointed. There were five or six hundred present but it was not a money spending crowd.

There was a trotting race between horses owned by Robert LaFever and Mr. Stuckey and his partner, the latter winning in 3:3. The time was not fast, but the sport was enjoyed nevertheless.

The running race was some better. It was between No. Odds and John L. Sullivan horses that have seen their day on the turf. No Odds won the race in 17.

The most enjoyable part of the program was the race of the greyhounds. The hounds snarled off splendidly Tuesday and were loudly cheered as they came in.

Next season it is expected to give a fair at Prospect, when the track will be used, and some fine entertainment offered. The track is a good half-mile course and with the horses in the vicinity of Prospect it is expected to be a paying investment, by those who assisted financially in building it.

FORECLOSURE PROCEEDINGS

Brought by the Marion Building Association Against Mary Shay and Others.

The Marion Building Association, by its attorneys, J. F. McNeal & Son, filed a petition in the court of common pleas this morning against Mary Shay, Michael P. Shay, Anna Shay, John Shay, Chris Koehler and John D. Owens. The petitioner seeks to foreclose a mortgage given by Mary Shay June 5, 1895, for \$800, securing a debt for borrowed money of like amount. While said mortgage was duly filed for record and recorded in the office of the recorder of Marion county, Ohio, and thus became a lien on lot 1619 in the Park addition to the village (now city) of Marion, Ohio.

The plaintiffs ask that the other named defendants be required to set up what, if any, claim they may have or lien on said real estate that the amount due on said contract and mortgage may be determined and unless same is paid by a date fixed by the court that said premises may be sold for the payment of the same and that said defendants may be required to answer and set up what, if any, lien they may have.

POLICE COURT NEWS

Officer Munsell met a couple of fellows in the west end of the city this morning at about 1 o'clock that were acting very suspiciously, and had an overcoat with them that Munsell believed had been stolen. He informed them that they had better take a walk with him. He started to take the fellows up street, but they didn't look at it that way and started to run. The officer gave chase, and when near Prendergast's mill they ran into the yard and the officer shot at one of them, but they did not stop for a little thing like that and running on west got aboard train 81. The policeman telegraphed to Galion to have them stopped, but they evidently got off in the east end of this city as nothing was heard from them.

Mayor Nichols heard grievances Tuesday night. The first was from Mrs. Henry, who came in from West Marion to file a complaint against a couple in that section of the city, who she alleges are not adding to the moral reputation of the neighborhood. Her kick is pointed at Mrs. Buskirk and Mr. Waterman, who were once before arrested on the charge of living in a state of adultery and afterwards Mrs. Henry withdrew the charges and they were released upon the promise to be good, but now Mrs. Henry says they are as bad as ever and she wants the matter stopped. The mayor promised to investigate.

Mrs. Clayton a resident of Olaf street, was before the mayor to complain of the family of William Fox. She had a long list of grievances against the Fox family and states that their actions are becoming unbearable and asks that a little bit of law be meted out to them in the way of legal punishment, to give them a taste of the hereafter unless they change their mode of living.

C. E. SCHAFF'S RAPID RISE IN THE RAILROAD BUSINESS

The Only Man Who Could Manage the Local Erie Yards from the Eating House Platform—Local and General Railroad Notes and News.

The fact that C. E. Schaff is traveling over the Big Four system with M. E. Ingalls, W. K. Vanderbilt and other railroad magnates of the country, brings to mind that Schaff was at one time a resident of Marion. He had charge of the Erie yards here, and it was said of him that he was the only man that could manage the yards from the eating house platform, and from there Mr. Schaff did most of his work.

The career of Charles Schaff is a remarkable one. He began railroading as a baggage master on the C. H. V. and T., he finally got to be a brakeman on a passenger train then on a freight, and was given the local. He was transferred from a conductor's place to the yards at Nelsonville, where he had charge of the same. He went around in this manner until he came to Marion, where he had charge of the Erie yards and was so successful in their management that the attention of the Big Four officials was attracted to him. They gave him charge of the yards at Cincinnati. There he was very successful and it was thought that there was something in the man, and he was promoted to trainmaster. Then he stepped up another round and became division superintendent. From that time his future was secure and step by step he climbed the ladder until the big A. R. U. strike, and so well did he look after the company's interests then that he was promoted to a position next to M. E. Ingalls in the management of the road, and now his word is authority all over the system.

Mr. Schaff is not an old man. He was a born railroad man, and even when handling baggage it is said that he gained the respect of the officials. He will pass through here Thursday day with the big railroad magnates of the United States on a tour of inspection.

Ohio State Journal. C. A. Allen, division superintendent of the Erie railway, was in Akron yesterday seeking bids for the double-tracking of certain stretches of the road in that section of the state. He states that the division running from Kent to Galion is to be the first of the system to receive the additional line of track and the twelve miles from Kent to Akron will be commenced upon immediately to be immediately followed by the fourteen miles from Akron to Creston. In connection with this work much of the course will be cut off and the roadbed improved. The Mallet Creek division of the Erie will also be constructed within the next year, connecting the tracks of the Erie with those of the Wheeling and Lake Erie, giving the former road an entrance into Cleveland from the west and cutting off the distance from Cleveland to Cincinnati more than 100 miles.

The new time card on the Erie will not go into effect until November 10th. The Erie time has not been given yet, but the Chicago and Erie trains will arrive at Marion Junction on the following schedule: No. 1, 9 a. m.; No. 2, 10:45 a. m.; No. 3, 11:35 p. m.; No. 4, 5:10 p. m.; No. 8, 10:35 p. m.; No. 12, 11:15 a. m. This is one of the most decided changes that has been made for some time on the Erie, and C. and E. It is expected that the Erie will take off train 18.

The International Agent publishes the pictures of the "Big Four" of the Vanderbilt system. They are George H. Daniels, general passenger agent of the New York Central, D. B. Martin, general passenger agent of the Big Four, Alva J. Smith, general passenger agent of the Lake Shore and Michigan Southern railway and O. W. Ruggles, general passenger agent of the Michigan Central.

On last Wednesday the Big Four system came within 49 cars of equalling the highest record ever made in the movement of freight. On that day 5,937 cars were moved on the entire system.

For the second week in October a decrease is shown in Columbus, Sandusky and Hocking earnings as follows: 1894, \$26,583.61; 1895, \$12,430.04, decrease, \$14,153.57.

The C. and H. had a special train today, carrying several commanderies, Knights Templars to Springfield.

J. A. Hackett, traveling freight agent of the Erie, was looking after business here today.

H. H. Squibb, traveling freight agent of the Big Four, was in the city today.
